

5<sup>th</sup> March 2026

Dear Year 6 Students, Parents and Caregivers,

We invite Year 6 students to begin the transition process to secondary school through a series of visits to Renmark High School during the year. These visits provide an opportunity for students to experience high school lessons, meet teachers and become familiar with our staff, facilities and routines.

Strong transition programs help students feel comfortable and supported as they take this important step. Through our transition program, students will participate in classes, experience break times and begin building the relationships that support a confident start to high school, while still being supported by their Year 6 teachers. Students will also begin to experience the learning culture of Renmark High School, where we work together to Respect, Connect and Achieve.
